WE WOULD LIKE TO KNOW WHY YOU ARE INTERESTED IN SERVING ON THE BOARD OF THE FOOD BANK. PLEASE TAKE A MOMENT TO SHARE YOUR THOUGHTS ON THE BACK OF THIS FORM, OR BY ADDING THAT INFORMATION HERE IF YOU ARE REPLYING ELECTRONICALLY. I am very excited about the opportunity to serve on the board of the Food Bank. During my time doing my public health masters education, I had a focus on the need for telehealth in rural Nevada with a passion for closing the social determinants of health and care disparities

that exist between different populations. My goal is to improve the healthcare available for 100% of the patients, to give them what each patients deserves – the right care, at the right time! An opportunity to work with a reputable organization such as the Food Bank of Northern Nevada would provide an amazing opportunity to align my personal aspirations with my experience and education to influence the ability to improve access to necessary healthcare services. Dr. Letitia Anderson and I have worked well together in the past and have an aligned mission to improve access to quality care for all patients. She has made me aware of this opportunity and extended an invite to apply, stating the need for a rural health and IT expert on the board. I believe my passion and dedication to those communities would be a strong fit for the board and I would love an opportunity to work with you all!

Again, many thanks for your interest and support. If you have any specific questions about this process or about the Food Bank of Northern Nevada, please contact the Food Bank at 775-331-3663.
